# Lambertz – Area Central and Eastern Europe

**Aachener Printen** are a type of Lebkuchen originating from the city of Aachen in Germany.

Printen are made from a variety of ingredients including **cinnamon, aniseed, clove, cardamom, coriander, allspice and also ginger.**

Printen gingerbread

18th century Printen cast

Originally, Printen were sold by Aachen's pharmacists since some of their ingredients (honey, several herbs and spices) **were considered to possess medical benefits.**

The term is a **protected designation of origin** and so all manufacturers can be found in or near Aachen.

The **most famous and largest gingerbread producer in Aachen is the Lambertz Company.**
